What You Get

Treat your guests like royalty by having them painted! Live Guest Painting is a truly unique and one of a kind experience. Not only does it wow and entertain your guests, but it also serves as a wedding favor for them to take home and cherish forever.

My watercolor sketch technique is minimalist and faceless in style, with a focus on the guest's attire, hair style/color, & skin tones. I use watercolor paint, a waterproof artist pen, and 6" x 8" mixed media paper. All paintings are inserted into a plastic slip for protection. Also, the couple will get their own special 9" x 12" painting. I arrive early to set up and I bring all the equipment needed.

Average Paintings Per Hour

You can choose anywhere from 3 - 8 hours of painting time. On average each painting of two people takes 6 - 7 minutes. Taking into account transition time for guests & artist in between each painting, I can paint approximately 8 - 10 guests per hour.
